● *MPBSE (Class XII) PCM , Aggregate: 70.40%*
ASNSS School (R.J.), India   **2016 - 2017**
● *RBSE (Class X), Aggregate: 55.50%*

Skills

C , Java ,Html ,css ,javascript, reactjs, solidity ,etherjs ,web3js, Hardhat

Work Experience   **Dec23 - Present**

CFC software Pvt ltd. | Blockchain Developer Intern

As a Blockchain Developer Intern at CFC Software, in this role, I am actively engaged in learning and implementing various aspects of blockchain development, focusing primarily on the Ethereum ecosystem.

My primary areas of focus include learning Solidity, the programming language used to develop smart contracts on the Ethereum blockchain. Furthermore, I am expanding my skill set by exploring Ether.js, Web3js a JavaScript library that facilitates interactions with the Ethereum blockchain.

Skills – Solidity , web3js, etherjs, chai, Moka (Testing libraries) ,hardhat

Projects :

- **University Management System (UMS) - Java Swing Project**

 The University Management System (UMS) is a comprehensive software solution designed to streamline and automate various administrative tasks within a university environment. Developed using Java and Swing, this project offers a user-friendly interface for managing diverse aspects of university operations, ranging from student enrollment to faculty management and academic record keeping.

- **Forever Green Coin - Blockchain-Based project**

As a member of the development team, I am responsible for writing modules using the Solidity programming language for smart contracts. These smart contracts form the backbone of the Forever Green Coin ecosystem, facilitating secure and transparent transactions while ensuring compliance with sustainability standards.

Achievements.

- **Blockchain** Developer Internship, **CFC Software Pvt ltd,**
- **Web Development** Virtual Internship, **Internpe pvt Ltd.**
- java Certification , **Smart programming** .
- Pytthon Certification **WSCube Tech** .
